Profile

Motivated and detail-oriented SOC Analyst (Tier 1) with hands-on experience in monitoring, detecting, and responding to cybersecurity threats. Skilled in analyzing security logs, triaging incidents, and supporting incident response processes in alignment with industry standards. Eager to contribute to a dynamic cybersecurity team and grow in areas such as threat hunting and advanced incident response.

Work Experience

SOC Analyst Tier 1

April 2025 - Present

CYBERTEQ – Sheikh Zayed City, Giza, Egypt

- Monitored and analyzed security events using SIEM, detecting and responding to potential threats.
- Investigated phishing attacks and other email-based threats, escalating incidents as needed.
- Utilized Trellic EDR for endpoint threat detection, analysis, and response.
- Supported Threat Intelligence operations using CTI tools to enrich alerts and improve detection capabilities.
- Participated in incident response processes, following playbooks and coordinating with senior analysts.
- Documented incidents, findings, and recommended mitigations to improve SOC effectiveness.
- Applied knowledge of frameworks like MITRE ATT&CK, ISO 27001, PCI DSS and NIST in incident handling.

Training & Internships

Intensive Training Program - Information Technology Institute (ITI)

July 2023 - October 2023

- Track: Digital Forensics and Incident Response (DFIR)
- Branch: Cairo University
- Courses: Incident Response - Digital Forensics - Threat Hunting - Open-Source Intelligence (OSINT) ...

Cyber Defense - WE INNOVATE Telecom Egypt (WE)'s - EG|CERT

August 2023 - October 2023

- Track: Cyber Defense
- Branch: Cairo University

CYLERT Security Operations Center (SOC) Internship

July 2023 - September 2023

- Branch: Masaken Sheraton, Heliopolis, Cairo, Egypt
- Introduction to SOC, SIEM, Endpoint Analysis and Cyber Threat Intelligence
- Introduction to Endpoint Detection & Response (EDR) and Network Detection & Response (NDR)

CyberTalents & Trend Micro Blue Team Online Scholarship 2023

July 2023 - September 2023

- CyberTalents Certified SOC Analyst
- CyberTalents Certified Threat Hunter

Digital Egypt Youth National Telecommunication Institute (NTI)

October 2022 - January 2023

- Track: Network and Information Security (NIS)

Education

Bachelor's degree in information security and digital forensics

2019 - 2023

- Benha University, Faculty of Computers and Artificial Intelligence
- Major: Information Security and Digital Forensics
- Grade: 3.72/4 - GPA (Excellent)
- Graduation Project: **RansomHunter**
 - Ransomware detection using machine learning allows for the detection of previously unseen threats and the automation of threat detection, increasing the efficiency and effectiveness of the overall detection process.
 - Project Grade: A+ (Excellent)
 - Demo Link: [☞YouTube](#)

Professional Certificate

- | | |
|---|------|
| • Certified Hacking Forensic Investigator (C HFI) - EC-Council (Link) | 2023 |
| • Certified Incident Responder (eCIR) - eLearnSecurity & INE (Link) | 2023 |
| • Certified Huawei Certified ICT Associate (HCIA) Datacom (Link) | 2020 |

Skills

Technical Skills

- Knowledge in Security Investigation and Event Management (SIEM) technologies (Splunk – ELK – Sentinel)
- Knowledge of Windows and Linux operating systems
- Networking concepts, including TCP/IP, DNS, HTTP/s, Routing and Switching
- Basic Knowledge of Network security technologies (Firewalls, IDS/IPS) and Packet Capture Analysis
- Basic Knowledge of MITRE ATT&CK® and Cyber Kill Chain Frameworks
- Basic Knowledge of Windows Forensics, Network Forensics and Malware Analysis (Sandbox Tools)
- Basic knowledge in Systems Administration Including (Windows Server OS - Active Directory)
- Programming Languages (C++ Basics, Python)
- Active on security learning platforms (TryHackMe - CyberDefenders - LetsDefend - CyberTalents)
- Familiar with PowerShell and Bash scripting for basic automation and log parsing.
- Proficient in Microsoft Office tools.

Personal Skills

- | | |
|---|---|
| • Collaboration and Teamwork Skills | • Time Management. |
| • Communication and Presentation Skills | • Strong analytical and problem-solving skills. |
| • Ability to work under pressure and handle multiple incidents simultaneously | |

Courses

- | | |
|---|--------------------------------------|
| • Incident Handling & Response Professional INE | • Cisco Certified CyberOps Associate |
| • Cisco Certified Network Associate (CCNA) | • Red Hat System Administration I |
| • Certified Ethical Hacking (CEH) | • Windows Server Administration |

Languages

- | | |
|----------------------------|-----------------------|
| • Arabic (Native Language) | • English (Excellent) |
|----------------------------|-----------------------|

Extracurricular Activities

- Ambassador MaharaTech - Information Technology Institute (ITI) Platform 2022 - Present
- Top 10 in We innovative Hackathon by We, EGCERT and NTRA June 2023
- Top 1% TryHackMe Platform for Learning Cyber Security

Projects:

- Code Educational Platform website ([Demo](#)).
- Medicare Application - Doctor's Clinic Booking Mobile Application ([GitHub](#)).
